Pre-A

First Words

Complete Level Guide · Ages 4-6 · CEFR Pre-A1

20 Lessons + 4 Bonus Classes | 24 Live Classes | 164 Words | 10 Vocabulary Themes

Hi! I'm Lumi. Let's learn our very first English words together!

The very beginning of the journey: first greetings, the alphabet with the sound of every letter, numbers, colors, family, and everyday things -- all through play, songs, movement, and repetition, no reading required.

By the end of this level, your child can:

- Say hello and goodbye, and their own name
- Recognize and say all 26 letters, and the sound each one makes
- Hear the first sound of a word and find its letter
- Count from zero to ten
- Name basic colors
- Name family members and parts of the body
- Name common animals, foods, toys, and school things
- Say simple action words and how they feel

Sample vocabulary

hello مرحباً | apple تفاحة | cat قطة | three ثلاثة | red أحمر | mom ماما | jump يقفز | happy سعيد

Sentences, sounds and grammar

Mostly words and short spoken phrases, with the first sentence frames used again and again: "It is red.", "I like apples.", "I can jump.", "I have a cat." Formal grammar begins in Level 3; at this age the goal is confident first words and sounds.

How this level is taught

1 **Prepare in the app**
Before each live class, your child meets the lesson's new words, sounds and sentences on their own, so they arrive ready.

2 **Live class on Microsoft Teams**
A real teacher leads the lesson for a small group of up to four students at the same level and lesson, with a supervisor on hand.

3 **Homework**
Spelling, Draw It, Say It, and a short quiz, all tied to that lesson; plus a printable homework sheet and flashcards.

4 **Grow on the map**
A lesson counts as done after prep, the live class and homework. Then the next stop on the adventure map lights up.

This level's story: "Lumi's Magic Map"

A four-part illustrated story told in this level's own words, read aloud with each word lighting up, with the English and Arabic text on every page (and a Hide/Show text button for reading practice). Each part unlocks as your child progresses:

Part 1 The Mysterious Map (after Lesson 5) · **Part 2** The Whispering Forest (after Lesson 10) · **Part 3** The Family Picnic Village (after Lesson 15) · **Part 4** The Treasure Celebration (after Lesson 20)

One level = 24 live classes, about 3 months

20 lessons plus 4 Bonus Classes (after Lessons 4, 8, 12 and 16), at 2–3 classes a week. Lessons run 45–90 minutes — shorter at the start of the level, the full 90 minutes for the Big Review in Lesson 20. Each Bonus Class runs 45 minutes.

The First Words Hub and game

Open any time, not just during lessons: Vocabulary, Idioms, Writing & Speaking, Spelling, Songs, Word games (page 11). After every finished lesson, a new round of this level's game, **Lumi's Pocket**, unlocks (page 13).

Inside a live class

Every lesson in Pre-A follows the same order, so your child always knows what comes next. The teacher shares the lesson on screen and every student takes part: tapping answers, speaking, playing for stars. Arabic is there whenever it helps: every word has its Arabic meaning, and grammar rules come with an Arabic explanation.

1 Warm-up and quick recap

A hello routine, then a fast look back at the last lesson's words.

2 Letters and sounds

In the alphabet lessons: Meet the Letter, Hear the Sound, then "S is for..." with a picture word.

3 New words

Every word with a picture, its Arabic and a recorded voice, then Sound Match.

4 Let's Move!

Children act the words out, so they learn with their whole body.

5 Sentences and a dialogue

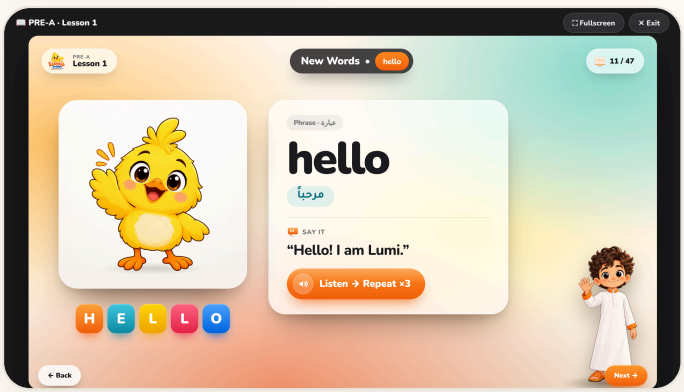

Build the Sentences and a short dialogue with the lesson's words.

6 Games and checks

Memory Match, Sound & Spot, Quick Check, Your Turn and Mystery Picture, then a short quiz.

7 Today I Learned!

A picture recap of the lesson to finish.

A real vocabulary slide from Lesson 1 — picture, Arabic, example sentence and audio

Four Bonus Classes: how English works

After every four lessons comes a 45-minute Bonus Class. It explains how English really works — sounds, spelling, grammar or where words come from — compares it with Arabic, and practises it with games and creative tasks. At home, your child completes a bonus mission board, and each Bonus Class has its own printable worksheet and cards.

B1 **My Mouth Makes Music** فمي يصنع الموسيقى — After Lesson 4

We make speech sounds with our lips, teeth and tongue, and every letter has a name and a sound: B is called 'bee' and says /b/, just like Arabic باء says /b/.

B2 **First Sound Detectives** محققو الصوت الأول — After Lesson 8

Every word starts with a sound. Good listeners can catch that first sound, find other words that start the same way, and even spot letters that play tricks.

B3 **Rhyme Time and Clap the Beats** وقت القافية وصفّق للمقاطع — After Lesson 12

Words that rhyme sound the same at the end (cat, hat), and every word has beats called syllables that we can clap (rab-bit, el-e-phant).

B4 **Big Letters, Small Letters, Left to Right** حروف كبيرة وحروف صغيرة، من اليسار إلى اليمين — After Lesson 16

Every English letter has two shapes, a big (capital) one and a small one, and English is written from left to right. Arabic is written from right to left, has no capital letters, and its letters change shape depending on where they sit in the word.

The level test and certificate open after all 20 lessons and all 4 Bonus Classes.

Who they're for, and why

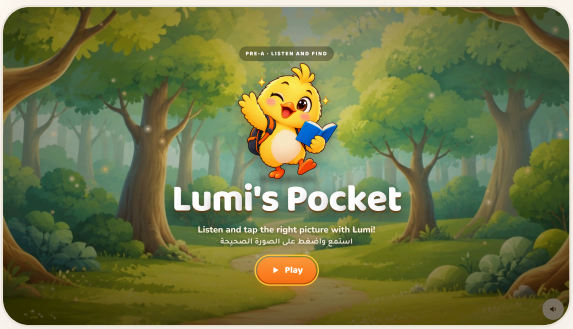

Writing practice: At this age, before reading is even required, the task is simple and physical -- tracing and copying each word by hand, then drawing a picture for it. This builds letter formation and muscle memory long before your child is asked to write a sentence, and gives them a non-verbal way to show they understood a word.

Flashcards: Every card shows the picture and English word on one side and the Arabic translation on the other. That means either parent can quiz their child at home, even without speaking English themselves -- a two-minute flip-through before bed is real, screen-free repetition that helps new words genuinely stick.

Lumi's Pocket — How It Works

Lumi's Pocket, this level's game

A letter-and-listening game built around the alphabet your child is currently learning: Lumi names a specific word, and your child finds it among two or three other words that start with the very same letter -- a real test of listening past the first sound, not just picture-matching.

How to play

1. Lumi shows a letter your child has already learned, and asks for one specific word that starts with it (for example, "Find 'nine'!"). Every picture shown genuinely starts with that same letter, so your child has to listen for the whole word, not just the first sound.
2. The letters used only ever come from lessons your child has already completed -- nothing shows up before it's been taught.
3. A few rounds also ask about a word or short sentence from the current lesson itself, mixing in vocabulary alongside the alphabet practice.
4. Each correct answer earns a star; by the final round, all six stars are filled in.

A new round of the game unlocks after every lesson your child finishes, using that lesson's own words — so it is always practice, never random. The Hub adds Memory Match, Word Pop, Word Builder and Balloon Pop for extra word practice.

Progress, Level Test & Certificate

Progress you can see

Your child's page shows every lesson: prep stars, the live class (attended, with the teacher's grade and comment) and the homework score. Totals show lessons finished, attendance, and the average teacher grade. You can open the same page at any time with your child's ID and PIN.
