Sample idioms your child will discover

The ball is in your court — It's your turn to decide or do something.

Under the weather — Feeling a little sick.

Speak of the devil — We say this when someone appears right after we talk about them.

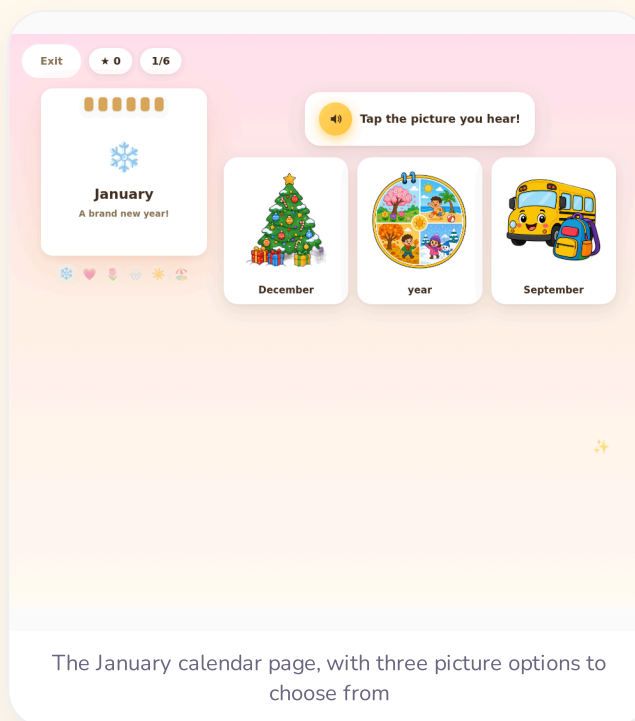

Give someone the cold shoulder — To ignore someone on purpose.

A tip for home: the Hub isn't graded and has no quiz — it's a calm space for your child to browse freely. A two-minute look before bed, or right after finishing homework, is still genuinely valuable practice.

Twelve Months Calendar, this level's bonus game

The same listen-and-point mechanic, themed as flipping through a calendar — each correct answer turns to a new month.

How to play

- 1 Lumi says a word from the lesson; three labeled pictures appear to choose from.
- 2 Your child taps the picture matching what they heard.
- 3 A correct answer flips the calendar to a brand-new month, each with its own small scene and icon.
- 4 By the end of 6 rounds, several months of the calendar have been revealed.
