# Smart Choices

Complete Lesson Guide · Ages 11-13 · CEFR A1

20 Lessons

221 Words

12 Grammar Topics

Hey, I'm Ziad! Time to talk money, routines, and smart decisions.

Everyday decision-making in English: routines, money, requests, and advice -- the language your child needs to navigate real choices, not just describe the world around them.

## By the end of this level, your child can:

- Describe routines with frequency words (always, never, how often)
- Talk about sequence (before and after)
- Ask politely and talk about possessions
- Ask about prices and talk about saving money
- Make polite requests ("I'd like...")
- Give and receive advice ("you should")
- Talk about future plans and the wider world

## Sample vocabulary

routine روتين

snack وجبة خفيفة

advice نصيحة

## Grammar

Frequency adverbs, possessives, requests with "I'd like", modals like "should" -- one grammar point per lesson with its own Grammar Hub rule page, building toward real decision-making conversation.

A real vocabulary slide from Lesson 1 — picture, Arabic, example sentence and audio

**1****Prepare in the app**

Before each live class, your child meets the lesson's new words, sounds and sentences on their own, so they arrive ready.

**2****Live class on Zoom**

A real teacher leads the same lesson in a small group of up to four students at this level, with a supervisor on hand.

**3****Homework**

Spelling, drawing or writing, Say It and a short quiz, all tied to that lesson; plus a printable worksheet, writing sheet and flashcards.

**4****Grow on the map**

Every finished lesson lights up the next step on the adventure map and unlocks that lesson's bonus game.

## The Smart Choices Hub

Open any time, not just during lessons: Vocabulary, Idioms, Writing & Speaking, Grammar (page 9). And after every finished lesson, a new round of this level's bonus game, **Squad Budget**, unlocks (page 11).

Every lesson has the same shape: new words with pictures, Arabic and audio → listening and matching practice → a grammar point → a short quiz and spelling → homework, a printable worksheet and flashcards. Lesson 20 is the level's Big Review.

Live classes run 45–90 minutes depending on the lesson: a little shorter at the start of the level, and the full 90 minutes for the Big Review in Lesson 20.

Lesson 1 flashcards (print double-sided)

Who they're for, and why

**Writing practice:** Your child continues writing three original sentences using that day's real grammar pattern -- for example, Present Simple Questions in Lesson 1. This is production, not recognition: applying the rule just learned, in a sentence your child builds themselves, not one picked from a list.

**Flashcards:** Every card shows the picture and English word on one side and the Arabic translation on the other. That means either parent can quiz their teen at home, even without speaking English themselves -- a quick flip-through is real, screen-free repetition that keeps vocabulary fresh alongside the grammar work.

## Squad Budget, this level's bonus game

A shopping-list budgeting game that also practices real conversation: most rounds have your child "buy" items from an Arabic shopping list, and a couple of rounds ask what comes next in a real chat between friends.

## How to play

1. Shopping rounds: an Arabic shopping list appears with priced market stalls - - your child listens for the word Lumi says, then taps the matching stall to "buy" it. A correct purchase adds it to a running receipt and deducts its price; a wrong tap costs nothing, and by the end the receipt shows everything bought plus coins left over.
2. Conversation rounds: two lines of a real back-and-forth chat appear, and your child picks what really comes next from three options -- genuine dialogue practice, not just vocabulary.

A new round of the game unlocks after every lesson your child finishes, using that lesson's own words — so it is always practice, never random.
