Complete Curriculum Guide

7 Levels. One Journey. Real English.

From First Words to Looking Ahead · Ages 4–15 · CEFR Pre-A1 to A2

7 Levels | 168 Live Classes | 1,447 Lesson Words | Full Arabic Support

Hi! I'm Lumi. This guide shows exactly what your child learns, in what order, and why.

Welcome to Lumio

A complete English course for Arabic-speaking children

Lumio English takes a child from their very first English word (age 4) to real conversation, reading and writing (age 15) in seven levels. Every level is taught live by a real teacher on Microsoft Teams, in small groups of up to four students at the same level, and every level is supported by an app with prep, homework, games, stories and the English Hub. Arabic is built in from the start: every word, instruction and grammar rule has its Arabic alongside it.

Built on the CEFR

Each level maps to a stage of the CEFR (Common European Framework of Reference for Languages), the international standard used by schools and exams worldwide, so progress at Lumio means something outside Lumio too.

Level	Name	Ages	CEFR	Lessons + Bonus	Words
Pre-A	**First Words**	4-6	Pre-A1	20 + 4	164
Level 1	**About Me**	6-8	Pre-A1	20 + 4	188
Level 2	**My World**	8-10	Pre-A1	20 + 4	183
Level 3	**Everyday Life**	10-12	A1	20 + 4	237
Level 4	**Smart Choices**	11-13	A1	20 + 4	221
Level 5	**Telling My Story**	12-14	A2	20 + 4	229
Level 6	**Looking Ahead**	13-15	A2	20 + 4	225

Every level = 24 live classes (20 lessons + 4 Bonus Classes), about 3 months at 2–3 classes a week. The free placement test finds the right starting level.

How the curriculum is built

Three goals in every level

- **Speak with real confidence** — language your child can use in the moment, not memorised phrases.
- **Understand real, connected English** — through dialogues, stories and reading texts, not word lists.
- **Build on what came before** — every level assumes and reinforces everything already learned.

A spiral, not a straight line

Big topics — family, food, school, routines, feelings — come back in later levels with richer words and harder grammar. Review lessons mix old words with new ones on the same themes, so review is still real learning.

Two tracks, one journey

Kids track (Pre-A to Level 2, ages 4–10): letters and sounds, a full phonics course, first sentence patterns, songs, movement and picture games, with Lumi, Omar, Sara and Noor.
Teen track (Levels 3–6, ages 10–15): one grammar point per lesson, real dialogues between the Crew (with Ziad and Hamad joining), reading, discussion and debate, in a design made for teenagers.

Made for Arabic speakers

The course knows where Arabic speakers struggle: sounds Arabic doesn't have (p, v), vowels, consonant clusters ("isport"), word order, the verb "to be", and he/she/it -s. Every grammar point has a Common Mistakes slide, and the Bonus Classes compare English with Arabic directly.

The learning cycle

1 Prepare in the app
New words with pictures, Arabic and audio before class, earning stars.

2 Live class on Teams
A real teacher, up to four classmates at the same level and lesson, and a supervisor.

3 Homework
Spelling, Say It, drawing or a talk task, a phonics or grammar step and a quiz, plus printable sheets and flashcards.

4 Grow on the map
A lesson is done after prep + live class + homework; then the next stop, the story and the game unlock.

A kids' class (Pre-A–Level 2)

1. Warm-up and quick recap
2. Letters and sounds (Pre-A) or Phonics Time with a decodable story (Levels 1–2)
3. Grammar Time and Common Mistakes, when a pattern is new
4. New words with picture, Arabic and voice
5. Build the Sentences and a dialogue
6. Reading Lab (Level 2, every third lesson)
7. Games: Memory Match, Sound & Spot, Mystery Picture, quiz
8. Today I Learned

A teen class (Levels 3–6)

1. Hook question
2. Crew Talk: a recorded dialogue
3. Grammar Time: pattern, rule, practice, 10 checks, Common Mistakes
4. New words, then 10 vocabulary checks
5. Describe It and Build the Sentences
6. Reading Lab (every third lesson)
7. Story Chain, Your Turn, Two Truths & a Lie
8. Challenge, real life, 5-minute discussion, recap

Lessons run 45–90 minutes: shorter at the start of a level and the full 90 minutes for the Big Review in Lesson 20. Bonus Classes run 60 minutes (45 in Pre-A).

Skills, level by level

Level	Sounds	Grammar	Reading	Writing
Pre-A	Letters A–Z and their sounds	Sentence patterns	Picture words	Trace, copy, draw

Level 5	—	10 grammar topics	6 Reading Lab texts	Own sentences with the lesson's grammar
Level 6	—	7 grammar topics	6 Reading Lab texts	Own sentences with the lesson's grammar

Phonics (Levels 1–2)

Systematic synthetic phonics: Level 1 teaches every single letter sound (starting with s, a, t, p so children read real words from lesson one), Level 2 teaches sh/ch/th/ng, blends, magic e, vowel teams and vowels with r. Every practice word and story uses only sounds already taught, and tricky words come one to three at a time.

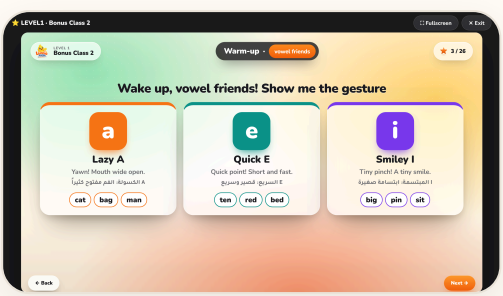

Reading Lab (Levels 2–6)

Six illustrated texts per level, in Lessons 3, 6, 9, 12, 15 and 18, set in places children know (the majlis, AlUla, Riyadh Season, Eid). The teacher reads the first part, students read the second; studied words glow and show their Arabic, and six questions move from **Find it** to **Think** to **You**.

Four Bonus Classes in every level

After Lessons 4, 8, 12 and 16 comes a Bonus Class that steps back and explains *how English works* — its sounds, spelling, grammar and history — and compares it with Arabic. Each one has games and creative tasks in class, a bonus mission board at home, and its own printable worksheet and cards. They are part of the level: the level test and certificate need all four.

Certificate

A certificate with your child's name, level, CEFR stage, test score and band, attendance, the teacher's average grade and a list of what they can now do — ready to print or save as PDF.
