Grammar

Going to, will, present continuous for plans, past continuous, have to, adverbs of manner, and comparatives and superlatives with long adjectives -- one grammar point per lesson with practice, the common mistakes Arabic speakers make, and a Grammar Hub rule page, capping off the full 7-level grammar progression.

How this level is taught

1 **Prepare in the app**
Before each live class, your child meets the lesson's new words, sounds and sentences on their own, so they arrive ready.

2 **Live class on Microsoft Teams**
A real teacher leads the lesson for a small group of up to four students at the same level and lesson, with a supervisor on hand.

3 **Homework**
Spelling, Say It, Talk, a phonics or grammar step, and a short quiz, all tied to that lesson; plus a printable homework sheet and flashcards.

4 **Grow on the map**
A lesson counts as done after prep, the live class and homework. Then the next stop on the adventure map lights up.

One level = 24 live classes, about 3 months

20 lessons plus 4 Bonus Classes (after Lessons 4, 8, 12 and 16), at 2–3 classes a week. Lessons run 45–90 minutes — shorter at the start of the level, the full 90 minutes for the Big Review in Lesson 20. Each Bonus Class runs 60 minutes.

The Looking Ahead Hub and game

Open any time, not just during lessons: Vocabulary, Idioms, Writing & Speaking, Grammar, Songs, Word games (page 12). After every finished lesson, a new round of this level's game, **Crystal Ball**, unlocks (page 14).

Inside a live class

Every lesson in Level 6 follows the same order, so your child always knows what comes next. The teacher shares the lesson on screen and every student takes part: tapping answers, speaking, playing for stars. Arabic is there whenever it helps: every word has its Arabic meaning, and grammar rules come with an Arabic explanation.

1 Hook

One question to get everyone talking about the lesson's topic.

2 First Listen and Crew Talk

A real conversation between the Crew, with recorded voices, read and acted out.

3 Grammar Time

Notice the pattern, learn the rule, practise it, then 10 Grammar Checks and Common Mistakes that Arabic speakers make.

4 New words

Verbs first, then words and phrases, each with a picture, Arabic and audio, then 10 Vocabulary Checks.

5 Describe It and Build the Sentences

Students describe a picture and build full sentences with the new grammar.

6 Reading Lab

In Lessons 3, 6, 9, 12, 15 and 18: a real text with questions (page 5).

7 Speaking games

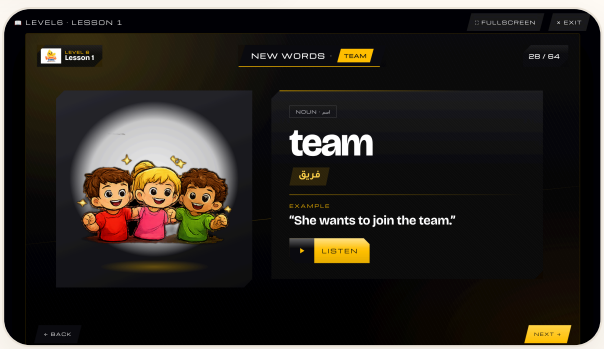

Story Chain, Your Turn and Two Truths & a Lie, all using the lesson's grammar.

8 Challenge, real life and discussion

A final challenge, a link to real life and about five minutes of open discussion.

9 Recap

The lesson's verbs, words and grammar on one page.

A real vocabulary slide from Lesson 1 — picture, Arabic, example sentence and audio

Real reading, every third lesson

Six short illustrated texts across the level, written with the words and grammar your child has already met. Two questions start the conversation before reading. The teacher reads the first part, the students read the second part, then everyone answers questions. Every word your child has already studied glows — tap it to see its Arabic and the lesson it came from — and two or three new words are explained.

After reading, six questions go from **Find it** (the answer is in the text) to **Think** (read between the lines) to **You** (connect it to your own life).

3 **Hosting Eid Lunch** — Lesson 3
Plans & Family

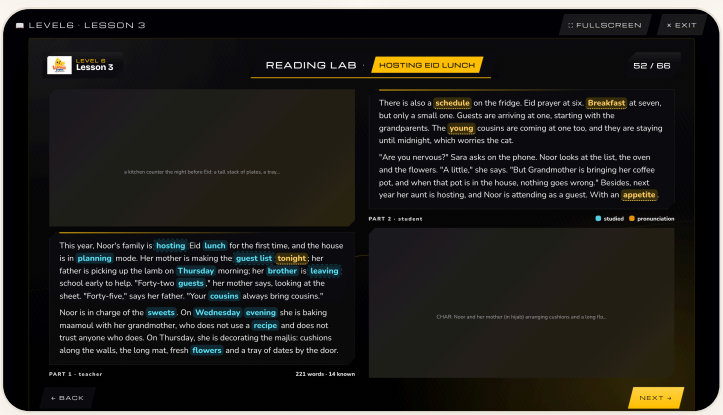

6 **Slowly, Carefully, Beautifully** — Lesson 6
Art & Heritage

9 **Saudi Arabia in 2040** — Lesson 9
Future & Science

12 **Metro or Car?** — Lesson 12
City & Choices

15 **The Phone Debate** — Lesson 15
School & Debate

18 **Two Ramadans** — Lesson 18
Cultures Compared

Four Bonus Classes: how English works

After every four lessons comes a 60-minute Bonus Class. It explains how English really works — sounds, spelling, grammar or where words come from — compares it with Arabic, and practises it with games and creative tasks. At home, your child completes a bonus mission board, and each Bonus Class has its own printable worksheet and cards.

B1 Does English Have a Future Tense? هل في الإنجليزية زمن مستقبل؟

After Lesson 4

English verbs have no future ending (that is why many linguists say English has no future tense); English talks about the future with tools (will, be going to, the present continuous, the present simple), and we choose the tool by meaning: a prediction, a plan, an arrangement or a timetable.

B2 The Language of Rules لغة القواعد والأنظمة

After Lesson 8

English measures rules on a scale: must and have to mean 'necessary', mustn't means 'forbidden', and don't have to means 'free choice'; and adverbs tell us how we follow the rules, built with a small set of spelling patterns.

B3 Where English Words Come From من أين جاءت الكلمات الإنجليزية؟

After Lesson 12

English is a Germanic language that borrowed thousands of words from French, Latin, Greek and many others, including Arabic; that is why it often has two words for one idea, an everyday one and a formal one.

B4 The Art of Persuasion فن الإقناع

After Lesson 16

We persuade people with three tools Aristotle named over 2,300 years ago (ethos, pathos, logos), and in English we organize our ideas with signpost words and soften strong claims with hedges, so we can disagree and still sound polite.

The level test and certificate open after all 20 lessons and all 4 Bonus Classes.

Made for home

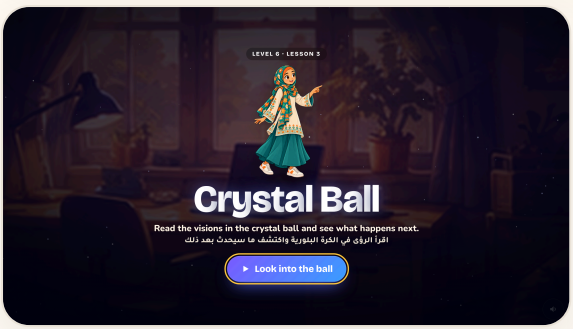

Homework and writing sheets: Independent work at home: vocabulary in context, the grammar rule with find-and-fix and word order, the conversation or Reading Lab text, and a 100-130 word text that gives an opinion or a plan with reasons and examples. The writing sheet plans an opening, two reasons and a conclusion, then checks linking words. Answers are printed upside down for self-checking; a parent signs.

Flashcards: Eight cards per sheet: picture, word and word type (verb, noun…) on the front; the Arabic and the lesson's example sentence on the back. Print double-sided, flipping on the long edge, then cut. Your teen can test themselves alone (English to Arabic and back), or anyone at home can quiz them.

Crystal Ball — How It Works

Crystal Ball, this level's game

A fortune-telling theme fitting Level 6's future-focused lessons, covering three kinds of visions: reading a word's meaning, judging a prediction, and seeing what happens next in a real conversation.

How to play

1. Read the crystal ball: an Arabic word appears inside the glowing ball with three English options -- tap the correct meaning.
2. Judge the prediction: the ball shows a claimed Arabic-to-English match -- your child taps Correct or Wrong to judge it.
3. A vision unfolds: the ball "shows" two lines of a real conversation, and your child picks what really happens next from three options. Each correct answer across all three round types builds up a "power" meter that makes the ball glow brighter -- a fully-charged meter by the end means "the future looks bright!"

A new round of the game unlocks after every lesson your child finishes, using that lesson's own words — so it is always practice, never random. The Hub adds Memory Match, Word Pop, Word Builder and Balloon Pop for extra word practice.

Progress, Level Test & Certificate

Progress you can see

Your child's page shows every lesson: prep stars, the live class (attended, with the teacher's grade and comment) and the homework score. Totals show lessons finished, attendance, and the average teacher grade. You can open the same page at any time with your child's ID and PIN.

1 **Finish the level**
All 20 lessons and all 4 Bonus Classes, each with its prep, live class and homework.

2 **Take the level test**
30 questions built from this level's own lessons: pictures, Arabic to English, sentences and listening. About 15 minutes.

3 **Pass with 70%**
Bands: Pass (70%+), Merit (80%+), Distinction (90%+). The test can be retaken, and the best score counts.

4 **Get the certificate**
With your child's name, CEFR A2, test score and band, attendance, teacher grade and a list of what they can now do.

What the certificate says your child can do

- Talk about future plans and predictions ("going to", "will")
- Describe what was happening while something else occurred
- Talk about rules and duties ("have to", "don't have to")
- Say how people do things (slowly, carefully)
- Compare things ("more interesting", "the best")
- Join a class debate and defend an opinion
- Compare cultures and traditions
- Read a longer text and answer questions about it
