Welcome to Level 1! I'm **Omar** — let's build real sentences together.

Real sentences begin here: describing things, saying what your child likes and doesn't like, and talking about their home, clothes, and abilities.

By the end of this level, your child can:

- Form simple sentences with "this is..." / "I am..."
- Describe size ("big", "small") and count to 20
- Say what they like and don't like
- Name rooms, furniture, and clothes
- Talk about the weather and days of the week
- Use prepositions like "in", "on", and "under"
- Describe shapes and simple opposites
- Say what they can and can't do

Sample vocabulary

boy ولد cat قطة twelve ١٢

yellow أصفر bread خبز

window نافذة shoes حذاء

stormy عاصف جداً sing يغني

turtle سلحفاة

Grammar

19 distinct structures across the level — a new grammar focus nearly every lesson, building toward real connected sentences by Lesson 15.

NEW

Sentence-complexity ramp

Lessons 15-19 now build genuinely compound sentences ("and", "but", "so", "because") instead of staying flat and single-clause all the way through -- a gradual step up in real sentence-building right before the level's final review.

NEW

Spiral-repetition vocabulary

The Lesson 20 review now revisits every earlier theme with 6 genuinely new, slightly harder words layered in (family, food, and weather vocabulary go further than lessons 1-19 alone) -- the review word count grew from 38 to 44 words as a result.

NEW

Real scene illustrations

57 new scenes across this level show Lumio's own characters acting out each lesson's most important words in a real, connected moment -- the sentence the words appear in is shown right alongside the scene, with the key words highlighted.

NEW

Captions on the scenes

Scene sentences now sit in a clear white caption box instead of over the picture, so the key words are always readable.

NEW

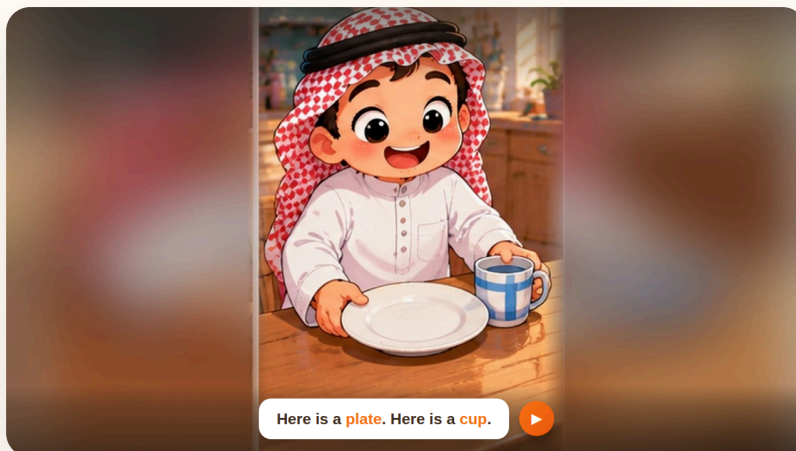

"Today I Learned" shows every sentence pattern

The recap at the end of each lesson now lists every sentence pattern used in that lesson, wherever it appeared -- not only one example.

NEW

A clear order for work between classes

The closing slide of every lesson gives the same steps in the same order: interactive homework first, then print the worksheet, writing sheet and flashcards, memorise the words, then play the bonus game. Lessons 5, 10, 15 and 20 also point to the new story part they unlock.

Sample idioms your child will discover

Break a leg — A fun way to say "good luck!" before a show.

Let the cat out of the bag — To tell a secret by accident.

It's a small world — We say this when we meet someone in a surprising, connected way.

A tip for home: the Hub isn't graded and has no quiz -- it's a calm space for your child to browse freely. A two-minute look before bed, or right after finishing homework, is still genuinely valuable practice.

What it looks like to explore

Each theme opens as a full grid of picture cards -- every word shown with a real illustration and its Arabic translation, ready for your child to tap and hear at their own pace.

A printable page for every single lesson

Beyond the screen, every one of Level 1's 20 lessons comes with its own homework sheet and flashcard set, ready to print.

Who they're for, and why

Writing practice: at this level, the task is still tracing and copying each word by hand, then drawing a picture for it. This continues building letter formation and muscle memory before sentence-writing begins at Level 3, and gives your child a non-verbal way to show they understood a word.

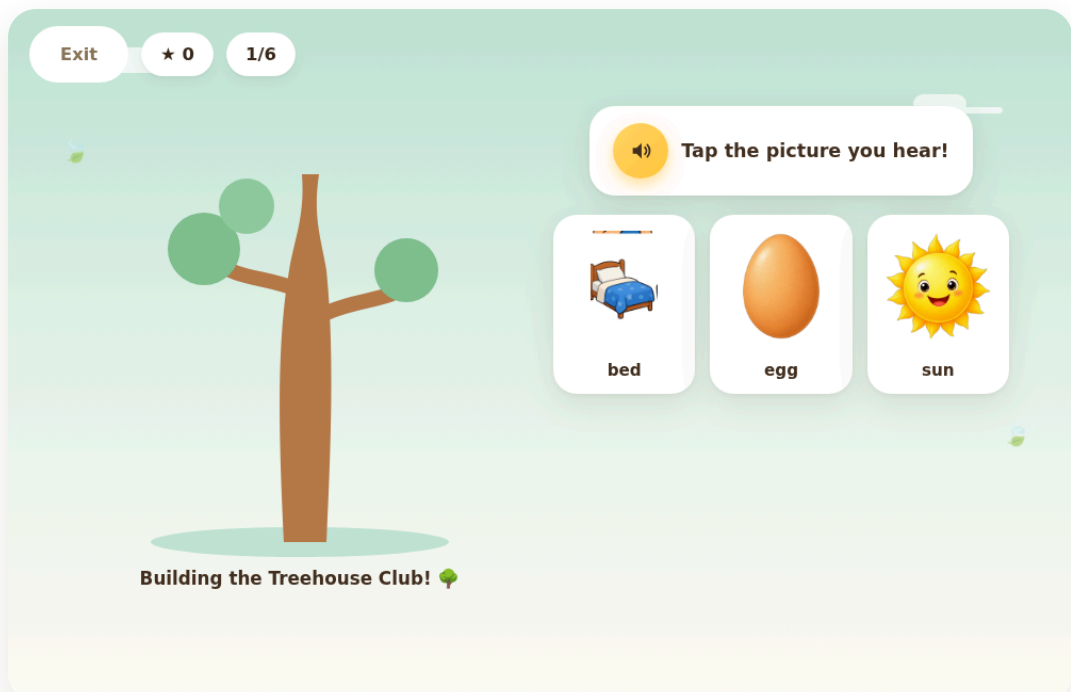

Flashcards: every card shows the picture and English word on one side and the Arabic translation on the other. That means either parent can quiz their child at home, even without speaking English themselves -- a two-minute flip-through before bed is real, screen-free repetition that helps new words genuinely stick.

Treehouse Builder, this level's bonus game

A phonics-focused listening game: Lumi says a specific word built from letter sounds your child has already learned, and they find it among other words from that same phonics group -- with a treehouse piece added for every correct answer.

How to play

1. Lumi says a specific word (for example, "egg") built from phonics sounds your child has already covered in this level, and shows a few labeled pictures.
2. Your child taps the picture whose word matches what they heard -- since the sounds are still fresh, this trains real letter-sound recognition, not just picture memory.
3. A few rounds also use this lesson's own vocabulary and example sentences, so words and simple sentence patterns get practiced too.
4. Each correct answer adds a new piece to the treehouse -- a wall, a roof, a ladder -- until it's fully built and ready to celebrate.

Lumi asks for a word while the treehouse takes shape behind the picture choices
